Carlos, I am taken back by your comments. Please check with in Donn with haste. I had coordinated with Donn Walters as is the process for the past year or more and sent out the agenda only after coordinating with him.

We actually worked on an agenda TOGETHER after the last Tuesday commissioners court meeting and I emailed him a draft. Donn said he was going to check in with EPA technical team and get back to me. I again emailed him on Thursday saying that I was going to be out on Friday and if he could respond since I knew he was leaving for DC and so that I can send the agenda by Monday as we have been doing (Donn likes for the agenda to go out on Mondays). Donn sent his comments that he was fine with it except to save time to delete an item which I did. I had questions about it and I emailed Donn on Monday but knowing he was in DC for the whole week, I emailed Gary also. I did not hear back so I made the changes Donn asked for and sent out the agenda.

Again, I follow the protocol as developed by you all. If you have concerns/coordination, then you would need to take that up internally with my EPA contact in this matter.

Thanks,  
Snehal

Thanks Snehal,  
We (EPA technical) have concerns regarding the coordination of this agenda and items listed for discussion. We are just now seeing the agenda and asking for review when it is being sent to everyone as final. I believe this meeting was scheduled weeks ago and we should not be asked to comment on it the day before the meeting. In the future, please coordinate EPA activities with Gary Miller and Donn Waters. Thanks CAS
